

Spring Meeting held at Tyrrells Wood on Friday 10th May 2024

After what seemed like months of rain the sun came out and it was perfect golfing weather! Sixty ladies took part representing 22 Surrey Club. Tyrrells Wood were celebrating their centenary year and it was obvious that considerable expenditure had been spent on the course and club house facilities. The organiser of the event was Helen Taylorson, ably assisted by various members of the committee. Together they did a splendid job. Being the first meeting of 2024, the Merchandise Table was kept very busy and our ball sweep in aid of Battleback raised £405 thanks to the generosity of all the participants.

Lunch was a 2 course buffet that was very well received especially on a lovely sunny day with several ladies saying how they liked a buffet on these days as often they had to return home and cook a meal so with a buffet they could eat what they wanted. Rob Shaw, the general manager, and his staff were all extremely helpful.

Our Captain, Judy Searle and our 2023 Captain Pat McNeil acted as starters as the Tyrrell Wood's lady captain, Shirley Nelson was playing a match but she joined us for prize giving

The registration went smoothly as all the cards had been made in advance as the handicaps had been checked via the England Golf website. Sadly we had several returned cards which were incorrectly filled in causing a considerable amount of work to sort out. For example just one score entered under the 'A' column with no indication of which of the pair it referred to. If being very tough, such signed cards should lead to a disqualification but as our Society is all about enjoying the wonderful game of golf played in friendly spirit, we got the offending cards sorted out eventually.

The winners of the Members' Salvagers were Anne-Marie Reading and Lee Grummitt from Mitcham and Kingswood respectively with 46 points. They are new members of SLCS and have low handicaps. Not only did they send a very nice email of thanks but many players sent messages to Helen and Judy. Shirley Nelson presented the prizes consisting of a voucher and a plant, and she was given a small gift as a gesture of our appreciation
